They have translators

I wonder ...

Why would God gift even beasts with the feeling ? (Love)

Or rather why would God curse us with this ...
and feeling ? (Jealousy)

*** Translator's note

"The beast" is the subtle pun. However, it must be noted that the narrative voice suggests that the story is being recalled by the subtle man with remorse.

I believe "Son of the Place" translates to Son of darkness which refers to "the beast"
